■ Below Basic	□Bas	Below Basic		asic, Proficient, a	nd Adv		2

SC PERFORMANCE GOAL

By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

CAROLINA SCHOOL FOR INQUIRY [Richland 1] SCHOOL PROFILE

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The mission of the Carolina School for Inquiry is to teach a diverse population of children in an atmosphere of kindness that encourages active inquiry, fosters individual growth, and promotes respect for self, others, and the world in which they live. We have completed our third year as a public charter school. While we have faced many challenges, we have improved the quality of our educational programs and our community support network. This year we again focused on the intentionality of our teaching methods and engagements. We met weekly to discuss the outcomes of the learning that was taking place in our learning communities. Our conversations were always focused on student learning and student achievement reflecting on ways to grow each child.

In an inquiry standards-based learning environment, the emphasis is on learning and continual progress. In order for each child to develop a clear sense of what they know and need to know, Carolina School for Inquiry uses standards-based report cards and narrative report cards to inform students and families how the students are doing in specific areas related to social sciences, reading, writing, and math. This method of reporting emphasizes "learning" or earning." A key advantage to our reporting system is to provide specific feedback so that parents can purposefully work with their children at home, and to support the school's effort in enabling the student to reach proficiency or to reinforce the school's effort to move students beyond proficiency to advanced levels of understanding. Students are assessed as individuals, socially and academically. Each child in grades K-5 has shown at least a year's growth in a year's time.

Students were assessed formally three times last year using the Dominie Reading Assessment. This assessment gave teachers a good basis of understanding for what each child was able to do and provided a means for the teachers to intentionally meet student needs in weak areas. We also used Study Island, a formal on-line assessment of mathematics. Both assessments were used to drive instruction and to intentionally meet the needs of individual students. As a reflective group of educators, we understand the importance of PASS. The staff designed a non-threatening, intense 8 week PASS Academy for students in grades 3-5. The goal was to teach testing as a genre and to provide students with the necessary tools to perform successfully on the PASS. The academy did not replace the continual authentic learning that happened throughout the school year.

During the 2008-09 school year we have enhanced our special area classes and the various academies that happen after school, whose design is to immerse our students in various disciplines authentically. We know and understand that all students learn differently. It is our goal and mission to tap into the natural curiosities of each of our students. Another highlight for our school is our school nurse program. Jean Hopkins has brought so much awareness to the staff, students, and family, emphasizing that Healthy Children Learn Better.

Our parent group Friends of CSI (FOCSI) is truly the nucleus of our school. FOCSI has sponsored many field experiences for our students, hosted a Back to School Bash, sponsored summer ice cream and hot dog socials, provided events for the community, and sponsored our yearly community May Fest.

Quanya Johnson, FOCSI President

Victoria Dixon-Mokeba, Lead Teacher
